

KSR COLLEGE OF EDUCATION

Students Satisfactory Survey (2016-2017)

Students of our Institution form the core of the stakeholders and all the activities undertaken by the institute are focused on creating a barrier free and conducive environment for excelling in their academics. In this regard the institution has provided many facilities for the benefit of students such as Hostels, Drinking Water, Canteen, House Keeping, Transportation etc. to name a few. In the process the institution strives to achieve its program objectives as laid down in the policy document. The survey is conducted and reported by Internal Quality Assessment Cell (IQAC) with support of Heads and Coordinators. The questionnaires were prepared manually and finalised by experts, circulated to all the students through coordinators.

The feedback was taken on different attributes like; basic facilities, learning facilities, Teaching Facilities and Other Activities. The responses obtained, analyzed and logical conclusions are drawn. The results of the survey will help the institution to understand both short term and long term needs of the students and initiate remedial action to improve the facilities wherever it is required. The outcome of this survey will provide a base for planning for the future.

Satisfaction level of basic facilities:

Basic facilities like: Transport, infrastructure, equipments for learning, models etc... are more than average level of satisfaction. It clearly shows that the participants are satisfied about the basic facilities of the campus.

Satisfaction level of learning facilities:

Learning facilities are vital to each and every educational institution. It includes books, library, ICT facilities, smart way of teaching learning facilities, curriculum etc... Such aspect of our institution gets more satisfaction report from the students.

Teaching facilities:

Teaching facilities includes: qualified teachers, syllabus, etc... here we analysed the teacher qualification, their teaching skills, completion of syllabus on time, completion of subject in effective manner, using teaching technologies skills, teacher's communicative skills, teacher evaluation process, their preparation to the subject and providing information along with the content of the subject, which could relate the subject as well as it improve the students knowledge to face the real societal needs. All these aspect take it in consideration, and the reports are positive in nature. It rises above the average level.

Other activities:

The outreach programmes, co curricular and extracurricular activities analyses. Here the result shows much satisfaction among the students. Year wise outreach activities like blood donation, awareness programme, health campaign etc... Are conducted successfully. Also the soft skill developments programmes are gain more attraction among the students. They show healthy reflection in this analysis.
