

KSR COLLEGE OF EDUCATION

Student Satisfactory Survey

The need of conducting the Students' Satisfaction Survey is enormous. It tells us about the opinion of the students about the efficiency of various facilities available in the college and also about their requirements for different other services. Such survey thus gives an outline about how things are to be planned to ensure better services and facilities to students who are to be the foremost stakeholder of the Institution.

Based on small sample of students the difficulty and expectations of students on various facilities were identified. Consequently, a Questionnaire was developed with different facilities categorized.

Learning Facilities:

Learning facilities are vital to each and every educational institution. It includes books, library, smart way of teaching learning facilities, curriculum, syllabus etc... Such aspect of our institution gets more satisfaction report from the students.

Teaching Facilities:

Teaching facilities includes: qualified teachers, syllabus, and the curriculum here we analysed the teacher qualification, their teaching skills, completion of syllabus on time, completion of subject in effective manner, using teaching technologies skills, teacher's communicative skills, teacher evaluation process, their preparation to the subject and providing information along with the content of the subject, which could relate the subject as well as it improve the students knowledge to face the real societal needs. All these aspect take it in consideration, and the reports are positive in nature. It rises above the average level of students satisfactory appreciate that teachers provide awareness about societal expected competencies, course outcomes and programme outcomes. They grant more positive value for the mentor process.

The remedial teaching got good value among the students, The teachers identify the strength and provide right level of challenges. The students gave more points for teachers encouragement to participate in extracurricular activities. Also students appreciated the efforts made by the institute/ teachers to inculcate soft skills, life skills and employability skills.

The Satisfaction of the Students about the Information Technology Enabled Services available in the Campus is measured through the accessibility of amenities in the department: ICT facilities in the campus In a five point scale the satisfaction level in Information Technology Enabled Services is above average.

Other Activities:

The outreach programmes, co curricular and extracurricular activities analyses. Here the result shows much satisfaction among the students. Year wise outreach activities like blood donation, awareness programme, health campaign etc... are conducted successfully. Also the soft skill developments programmes are gain more attraction among the students. They show healthy reflection in this analysis.
